

List of Tables:

Table 1	Comparative Mineral Composition of Organic vs. Non-Organic Bananas	Page No.7
Table 2	Comparative Mineral Content and Health Impacts of Organic vs. Non-Organic Bananas	Page No.9
Table 3	Ash Content Analysis of Organic and Non-Organic Bananas	Page No.19
Table 4	Moisture Content Analysis of Organic and Non-Organic Bananas	Page No.20
Table 5	Sodium Standards and Intensity Values for Calibration Curve	Page No.21
Table 6	Sodium Content in Organic and Non-Organic Bananas	Page No.22
Table 7	Calcium Standards and Intensity Values for Calibration Curve	Page No.23
Table 8	Calcium Content in Organic and Non-Organic Bananas	Page No.24
Table 9	Magnesium Standards and Intensity Values for Calibration Curve	Page No.25
Table 10	Absorbance Values for DPPH Free Radical Scavenging Activity of Organic and Non-Organic Banana Samples	Page No.27

List of Graphs & Figures

Graph 3.1	Calibration Curve for Sodium Concentration via AES	Page No.21
Graph 3.2	Calibration Curve for Calcium Concentration via AES	Page No.23
Graph 3.3	Calibration Curve for Magnesium Concentration Based on AES Intensity	Page No.25
Graph 3.4	DPPH Free Radical Scavenging Activity for Organic Banana	Page No.27
Graph 3.5	DPPH Free Radical Scavenging Activity for Non-Organic Banana	Page No.28
Figure 1.1	Comparison of Organic vs. Conventional Banana Production Systems	Page No.1
Figure 1.3	Organic Farming and Soil Health	Page No.3
Figure 1.5	Comparison of Organic and Non-Organic Banana Samples	Page No.5
